Allergy AAA School

this means that children,
parents, carers and visitors are
asked **NOT TO WEAR**
anything scented as we have
children with severe allergies
in our school.

Please: NO nuts
(including nutella)

The annual swimming school began today for all students in Year 2 and those in primary grades who cannot confidently swim 25m. This water safety program is aimed at students learning to swim. All of our instructors are Austswim qualified. The children will need to bring their swimmers and towel each day. Parents are asked to have provided the cost of pool entry or season ticket number. The school is funding the bus to and from the pool for the ten days of lessons.

Kindergarten Orientation

Our 2017 Kindergarten students have been excitedly participating in transition lessons on a range of days during Terms 3 and 4. We are inviting all 2017 Kindergarten children to participate in our orientation day on Friday, 18 November from 9.30 am to 12.00 pm. We look forward to seeing all attending.

School Leaders 2017

The process for nominating our school leaders for 2017 has begun. Students in Year 5 interested in nominating for the position of School Captain or Vice Captain, and students in Years 4 and 5 interested in nominating for the position of Sports Captain or Vice Captain are asked to submit a nomination to Mrs L'Estrange by this Friday, 18 November. Interested students will have been provided with an Expression of Interest form, which needs to be signed by the child's parent and teacher as well as the student.

Sports Captain elections will be held next Tuesday with students in Years 2 to 6 voting.

Parents and carers are invited to join us in the hall at 12.30 pm on Friday, 25 November to listen to speeches given by Year 5 students nominated for election as a School Captain or Vice Captain. An assembly will be held prior to the elections.

School captains and sports captains will be announced at Presentation Day on Tuesday, 13 December.

AECG Meeting

The next AECG meeting will be held in the school community room this Thursday, 17 November from 3.45 pm. Interested parents and community are welcome to attend.

Special Meeting – Sesquicentenary

As our school will be celebrating 150 years of educating students of Condobolin next year, a special meeting of the P&C will be held to discuss options for marking this special milestone.

Interested parents and community members are invited to attend this sesquicentenary meeting on Monday, 21 November at 7.00 pm in the school library.

Friday:	Slam (Beef/Hawaiian), Chips, Poppa	\$6.00

Year 2 Excursion to Condobolin Bakery

Year 2 Bakery Excursion

Children in year 2 have been learning about the manufacture process of products from the field to our tables. They have been learning about the process that wheat goes through to make bread.

Last week 2D and 2B walked to the local Bakery with Miss Dobbie, Miss Buerckner and Miss Coe where they got to explore the role flour plays as an ingredient in bread.

The Steve Fun

On Wednesday 2D and 2B walked to the bakery. At the bakery we met a baker named Steve who was showing us around the back of the bakery where they make the bread.

At the bakery I learnt that dough is a living organism. If you leave it for an hour it will rise because the yeast helps it grow.

My favourite machine is the Genesis, because you can throw the dough in. Then it cuts it into 4 pieces. The machine can cut it into any size and shape.

By Mariah Callis – 2D

Our Bread Excursion

On Wednesday the 2nd of November 2D and 2B went to the bakery to make bread. Steve the baker taught us how to make dough. He did all sorts of things with the dough. When you are baking bread at the bakery you need more ingredients than you would use at home.

I learnt how they cut the bread. It is very interesting watching the bread being cut. There are two machines that cut the bread, one is new and the other one is old. The new one can bag the bread and the old one can't.

Elaine showed us the old bread slicer as she sliced the cooked bread.

I learnt how to make bread by watching Steve it was interesting. My mum knows how to make bread she has made it before at home. I love bread.

Bread is alive because there is yeast in it. Yeast is living because it helps the bread to expand before it is baked. There are a few different machines that bread needs to go in before it is baked as bread.

By Rosalie Grabham – 2D

Our Walk Around Through Town

On Wednesday all of Year 2 walked to the bakery to meet Elaine and one of the Bakers named Steve.

Steve showed us every single room and machine in the bakery. My favourite room was the one that is REALLY HOT! When Year 2 walked into that room my eyes were bulging up.

My Favourite machine was the one that Cut the long bread roll into 4 pieces in just 6 seconds. It was Called the Genesis.

When Steve told us many facts I learnt that yeast is inside the dough. When people make bread yeast is an ingredient that helps it to rise.

By Levi Johnson – 2D

My Super Fun Excursion

On Wednesday we went to the bakery to see how to make bread. Steve showed us all the machinery and how to use them to make bread, pies and donuts.

I found one machine very interesting at the bakery. The Genesis machine is the best machine because you get to throw the dough into the machine. It makes bread rolls and loafs of bread.

I learnt that if you leave your dough in a Zip lock bag for 2 hours it will explode and go everywhere. It explodes because it has yeast in it. That means that it is a living thing and it grows. Yeast is in bread to help it rise.
