

WELCOME TO WEEK 9 TERM 2 2021

Principal's Message

Construction

The Cooler Classroom installation of air conditioners is coming to an end with minor works being conducted to complete the project. We are all looking forward to nice COOL classrooms for summer.

Additional Projects Starting

- A new roof for the Kindergarten Building
- A new roof for the Office building
- An upgrade to the bathroom facilities in MCL
- Installation of a new Disability toilet on the end of the Kindergarten verandah

Unfortunately this means that KK, KB and MCL will be relocated to other areas for the duration of this construction and notes have been sent home to these classes.

3 Way Interviews– New Report template

Teacher meetings have begun this week with parents/carers and students. Staff value your participation in your child's learning and are looking forward to meeting with you.

You will receive your child's Semester 1 report at these meetings as there has been a change to the report format, for English and Maths. The change is to better inform you of the skills that your child is developing in each class and where they are achieving in the A-E scale.

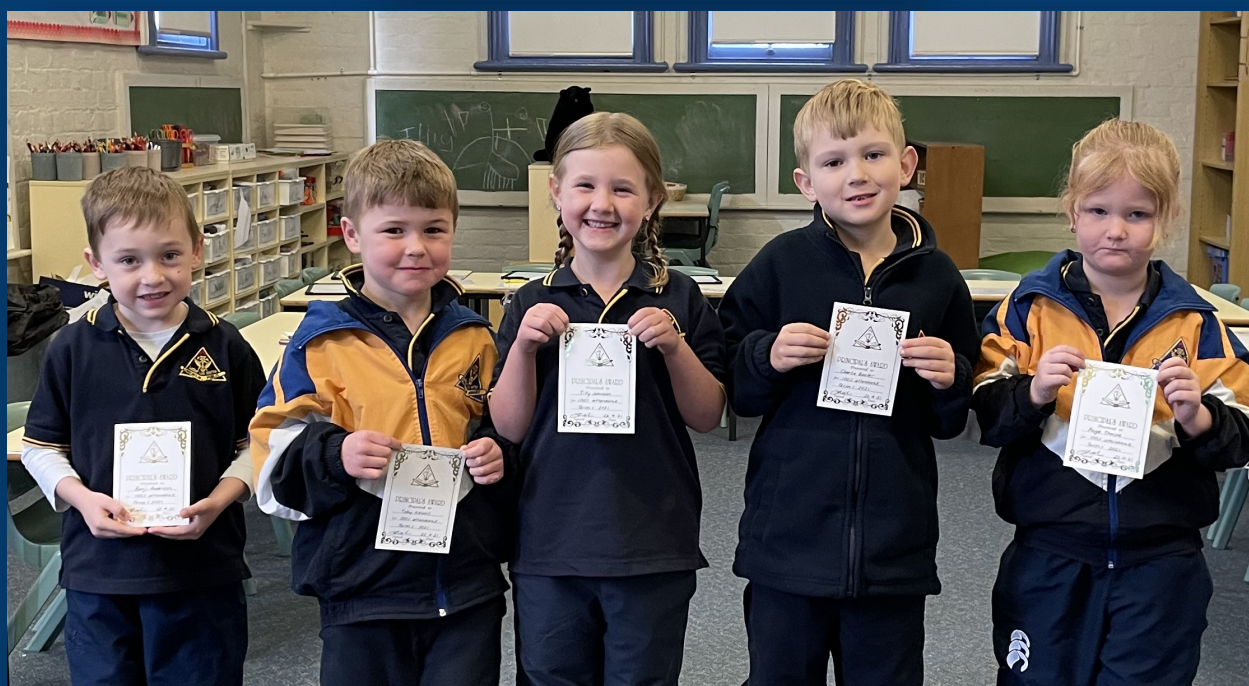

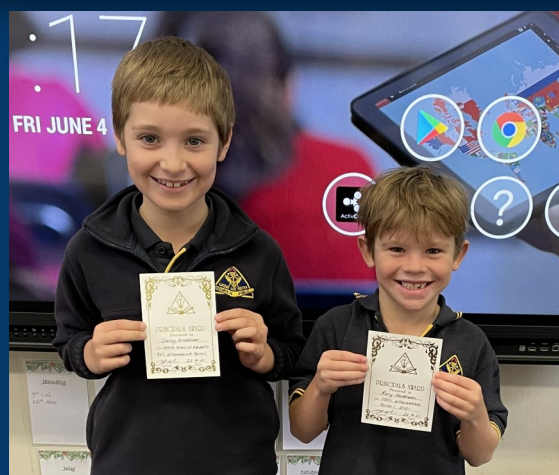

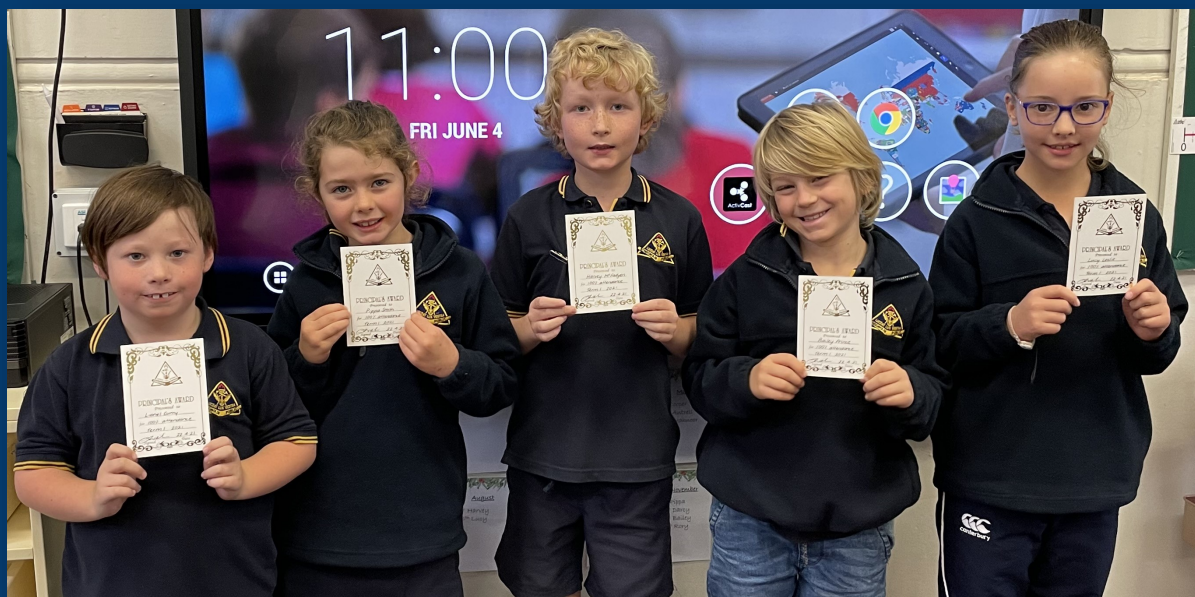

Week 9 Formal Assembly will be run by 5/6T!

Kind Regards,

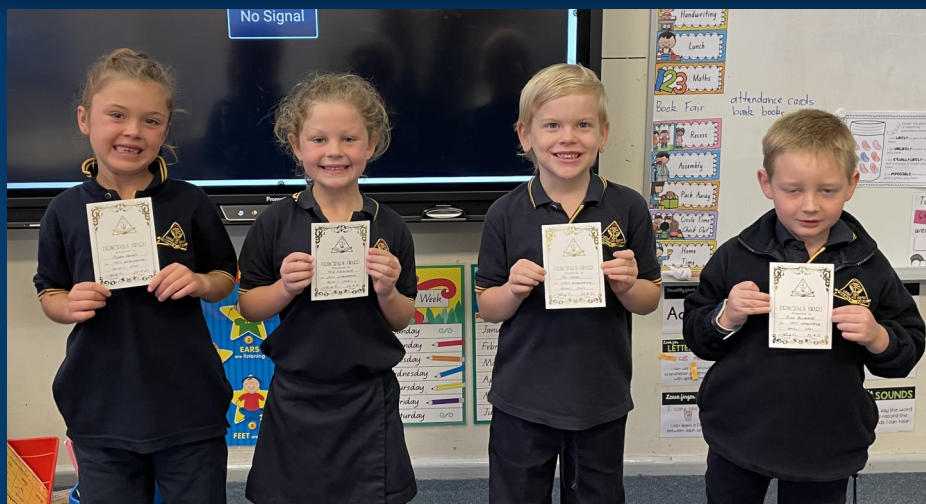

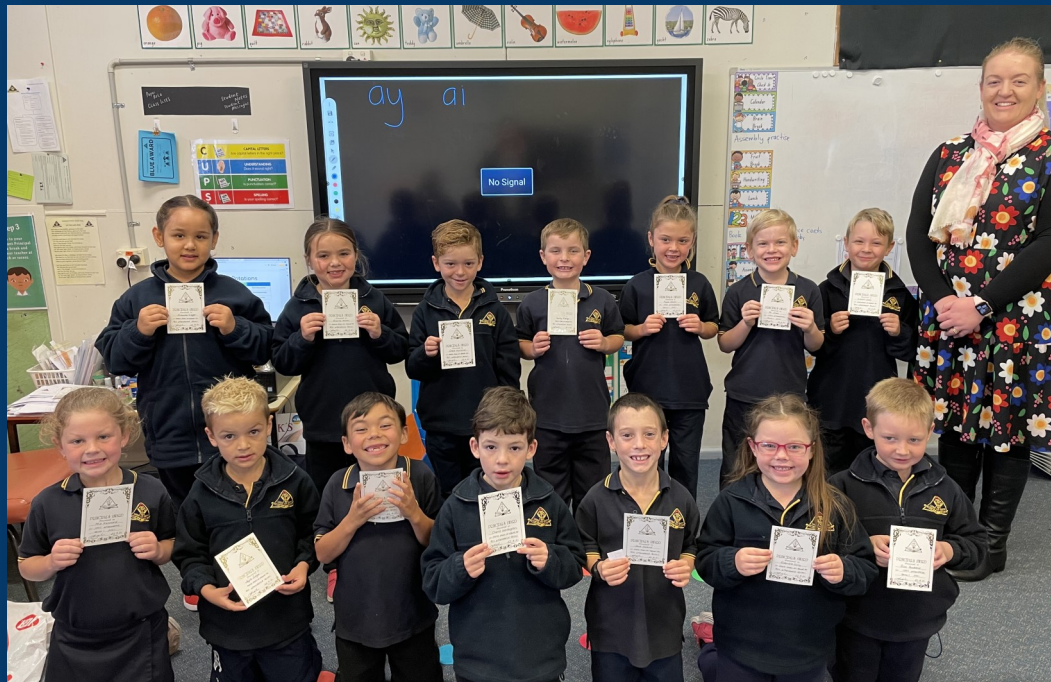

Mrs Jessica Neilsen
